

LOCAL MANAGEMENT SECURED TO MAINTAIN POPULAR EQUESTRIAN CENTER

HILTON HEAD ISLAND, S.C. (February 22, 2018) – A new operating agreement for Lawton Stables, the popular equestrian center at The Sea Pines Resort, is in place that will maintain the community’s horseback riding programs enjoyed by Lowcountry riders for decades.

“We are happy to have a local partner who is committed to this operation and will ensure Lawton Stables remains a vital and active part of the Sea Pines community,” said Steve Birdwell, president of The Sea Pines Resort, which owns the 21-acre complex. “The horse barns and animal farm are places where residents and guests can discover special experiences.”

Haley Zimmerman, manager of Lawton Stables, said, “Providing enjoyable equestrian programs and caring for these animals are our top priorities. We are appreciative of the dedication of former owner Didi Summers and look forward to serving the Sea Pines community for many years to come.”

Lawton Stables is home to Sea Pines Resort’s resident riding horses, trail and pony rides, boarding, and the family-friendly small animal farm.

For additional information contact the Lawton Stables directly at 843/671-2586.
