

FOUR SEASONS RESORT LĀNA'I ANNOUNCES A NEW WAY TO TRAVEL TO LANAI

LANA'I, HAWAII'I, April 12, 2018 - Four Seasons Resort Lanai announces an exclusive new way to fly to this special hideaway on the secluded Hawaiian island of Lanai. Guests who want to bypass the wait can enjoy private daily air charter service from Honolulu on Lanai Air. Parties as small as two passengers can book the entire aircraft for their own personal journey, with fares starting at \$500 per couple, allowing them to experience luxurious land, sea, and air adventures on the 90,000-acre island even sooner.

Two Pilatus PC-12 aircraft, operated by Mokulele Airlines, will offer flexible, daily service. Each flight will be manned by two pilots, and each plane seats up to eight passengers in elegant and spacious surroundings, with appropriate space for luggage. Manufactured in Switzerland, Pilatus PC-12s—large single-engine turboprop planes—have a reputation for outstanding versatility, performance, comfort, reliability, and operational flexibility.

At the Daniel K. Inouye International Airport in Honolulu, guests coming in from the mainland or internationally will be greeted at their arrival gate and escorted to baggage claim (if needed) then to Lanai Air for their flight. Upon landing on Lanai, a Four Seasons Ambassador will meet the guests and drive them in a luxurious Mercedes Sprinter or SUV to the Resort, a gateway to an authentic Hawaiian adventure.

For return flights, Ambassadors will deliver guests directly to the aircraft. Upon arrival in Honolulu, guests will be transported to their designated terminal as they continue their journey home.

While enroute travelers can enjoy the Four Seasons Resort Lanai Guest Lounge, a peaceful retreat on the second floor of the Overseas Terminal of the Daniel K. Inouye International Airport, open exclusively to guests travelling to and from the Resort. The lounge offers comfortable seating and complimentary amenities including a selection of food and beverages, tablets, Wi-Fi access, charging stations, newspapers, magazines, and hi-def televisions along with special amenities for children.
