

**ARCIS GOLF TO OPERATE TIERRA REJADA GOLF CLUB**  
*Southern California club now managed by “Arcis Advantage”*

**DALLAS (September 5, 2018)** – [Arcis Golf](#), the second largest fee simple owner-operator of private, resort, and daily fee clubs in the United States, has assumed operation of Tierra Rejada Golf Club, a popular public course in Moorpark, Calif., under its Arcis Advantage management services division.

One of the Southland’s premier golf experiences, Tierra Rejada was designed by Bob Cupp. Nestled among California’s coastal and inland mountains, the par-72 layout is known for its natural beauty and views of the nearby Reagan Presidential Library. A plaque on the 11th tee officially dedicates the hole to the 40th President of the United States.

Arcis Advantage is the management division of Arcis Golf that uses its assets and expertise to benefit third-party course owners. As both owner and operator of private and daily-fee clubs, Arcis Golf is uniquely positioned to provide significant resources that are not available to individually-owned and member-owned clubs— or fee-for-service management companies.

“As we continue to approach the golf business from an entirely new perspective, we are thoroughly reinventing each of our clubs to be more relevant to today’s consumer,” said Blake

Walker, CEO of Dallas-based Arcis Golf. “This holds true for the clubs we manage as well, because we equip each club as if it is one of our own, providing every resource and support function we have at our disposal. Lifestyle matters, so through Arcis Advantage we offer a range of options related to how our customers play, connect, and socialize.”

The addition of Tierra Rejada to the Arcis Golf portfolio increases the company’s dominant presence in the Southern California market. In the Valley, Arcis Golf manages Los Robles Greens, a public facility, for the City of Thousand Oaks, and owns the private Valencia Country Club and The Oaks Club at Valencia. Further south the company leases two courses in the heart of Orange County, Meadowlark Golf Club and David L. Baker Golf Course, and to the east, Shandin Hills Golf Club in San Bernardino.

Since its founding nearly five years ago, Arcis Golf has provided inventive direction that complements exceptional golf and lifestyle experiences. Arcis has invested more than \$60 million to improve its assets with new amenities, programming and content, personnel, training, and systems that maximize the growth and future success of its unique collection of golf and lifestyle venues.

Arcis Golf was recently named a “Top 100 Business in Golf” by the National Golf Foundation, as well as ranked on the 2018 [Inc. 5000](#) list of the fastest-growing private companies in America, for the second year running, achieving the rare repeat by showing 254% growth in the three-year period analyzed.
