

RED LEDGES CELEBRATES GRAND OPENING OF VILLAGE CENTER PHASE I
Utah's premier private luxury community welcomes luxury swimming facility

Heber Valley, UT (June 18, 2019) – [Red Ledges](#), the private, four-season Rocky Mountain golf and recreation community, located in the picturesque Heber Valley just outside of Park City, Utah, has unveiled the first phase of its new Village Center.

Debuting as a family-focused hub for this premier active-lifestyle community, Phase I of the Village Center features a luxury resort-style swimming pool complex, well-appointed dressing rooms, full-service poolside restaurant and bar.

Highlights of the swimming pool include a 144-foot water slide and water playground, two lanes for lap swimming, hot tub, and pool deck that seats 300.

“Our members love bringing their kids and grandkids to play at the pool,” noted Mitchel Burns, Chief Operating Officer, Red Ledges. “The kids have a blast on the water slide and invent countless ways to climb all over the water playground. The shallow beach entry makes it easy for little ones to join in the fun.”

Burns notes that when the youngsters are ready to dry out for a while, there's a fun jungle gym play area, plus ping pong, corn hole, snacks at the grill, and plenty of shaded seating.

Adults can splash with the kids, or relax in the hot tub, enjoy drinks, lunch, or dinner with friends at the poolside bar and grill, or simply catch up on reading and emails from the comfort of a lounge in the shade.

The Village Center enhances the authentic luxury lifestyle and adds to the full array of recreational amenities at Red Ledges, which is celebrating the Club's 10th anniversary this year. In addition to its daily function as a cool summer gathering place for Club members and guests, the Village Center will play host to the new Red Ledges Summer Concert Series, providing poolside seating and refreshments for concert guests as they enjoy monthly performances by popular local musicians in the natural amphitheater of the adjacent Golf Park.

"The opening of the Village Center pool complex is a perfect way to mark our first 10 years of Club operations," said John Johnson, Club General Manager at Red Ledges. "As our growth continues, we continue to expand Club amenities to provide additional opportunities for members to share rich recreational and cultural experiences with neighbors, family, and friends. The vitality of this community is something that our members cherish."
